JANUARY, 1929

PUBLISHED MONTHLY BY AMERICAN MEDICAL ASSOCIATION, 535 NORTH DEARBORN STREET, CHICAGO, ILLINOIS. ANNUAL SUBSCRIPTION, $8.00

Entered as Second-Class Matter, Jan. 20, 1926, at the Postoffice at Chicago, Illinois, Under the Act of March 3, 1879. Acceptance for mailing at special rate of postage provided for in the Act of Feb. 28, 1925, authorized Jan. 27, 1926.

NOTICE

1929 SUBSCRIPTIONS NOW DUE

In this issue is a green slip—a notification that subscriptions for the coming year are now due and payable. Those who have already paid [illegible] naturally will disregard the notice.

For the convenience of those who subscribe for more than one of the periodicals published by the American Medical Association, all of them are listed on the slip. The names of the journals desired should be written on the blank lines, or a check mark [illegible] in front of the names as listed. The entire amount of the subscriptions for the various publications [illegible] may be covered by one check or draft [illegible] with the green slip.

CONTENTS OF VOLUME 7

JANUARY, 1929. NUMBER 1

PAGE

Pathogenesis of Intestinal Amebiasis in Kittens. Charles W. Rees, Ph.D., Baltimore 1

Metaplasia of Basal Cells in the Ducts of the Pancreas: Its Consequences. Joseph Baló, M.D., Szeged, Hungary, and Harry C. Ballon, M.D., Montreal 27

Multiple Hemangiomas of the Skin and of the Internal Organs. R. H. Jaffé, M.D., Chicago 44

Diffuse, Obliterating Endarteritis of Unknown Etiology: An Instance with Obliteration of the Inferior Vena Cava. David Perla and Bernard Seligman, New York 55

The Origin of Fibroblasts Within an Experimental Hematoma. George M. Higgins, Ph.D., and Bean M. Palmer, M.D., Rochester, Minn 63

Splenic Atrophy with Calcium and Iron Incrustations (Nodular Splenic Atrophy): Report of a Case. G. A. Bennett, M.D., Boston 71

Observations on Reticulo-Endothelial Cells in Septic Jaundice. Irving Sherman, M.D., Brooklyn 78

Histochemical Evidence Concerning the Site of the Formation of Bile Pigment. Philip Corr, M.D., Madison, Wis 84

Migration of Leukocytes in Blood Clots: I. The Influence of Phosphates of Sodium and Potassium. Howard T. Karsner, M.D., Cleveland, and Alice T. Merrill, Ph.D., Washington, D. C 101

Laboratory Methods and Technical Notes:

A Practical Method of Labeling Anatomic Specimens. R. B. Wright, M.D., Baltimore 112

The Stability of Glycerinated Antisheep Hemolysin. Robert A. Kilduffe, M.D., and Betty Shifman, Atlantic City, N. J 113

General Review:

Cellular Inclusions and the Etiology of Virus Diseases. Ernest W. Goodpasture, M.D., Nashville, Tenn 114

Notes and News 133

Abstracts from Current Literature 134
